Desk Wireless Charger

TWO IN ONE  
Two in one wireless power bank

2IN1  
Two in one wireless power bank

## T16 2IN1 Magsafe Wireless Charging Power Bank

Material: aluminium alloy+PC+ABS+silicone

Size: /

Weight: /

Suitable: Directly use for iPhone12/13/14/15/16 & Apple watch

Capacity: 5000mAh

Input: 9V/12V 2A (MAX)

Output: iPhone 15W (MAX)、Watch 2.5W (MAX)

Color: Dark grey

- Magsafe wireless charging power bank+Foldable stand+Upgrade digital display
- Accurate alignment, capable of charging mobile phones/watches, headphones
- Dual chip design, more stable charging, all metal body for true cooling, solves charging overheating
- Mini size & ultra-thin, easy to carry out
- Adjustable from any angle, allowing for a more flexible visual experience, versatile in form, whether lying down or standing
- Note:Other mobile phone models without magsafe technology can only use wireless charging function and cannot be magnetically charged

# Strong magnet, stable adsorption

## T15 Super-slim Magsafe 2in1 wireless charger

Compatible with: iPhone/TWS Airpods / Apple watch

Size: 80\*75\*110mm(unfolded) / 76\*76\*19mm(folded)

Weight: about 119g

Input: 9V/3A, 12V/3A(max)

**Version: iPhone 7.5W / iPhone 15W(decoded version)**

Material: Aluminium alloy+ PC +ABS +Silicone

Color: Black, Silver

Certificate: CE/FCC/ROHS

**Korea already has exclusive customers**

- 1.Can charge 2 devices at the same time, 15w max fast charging speed.
- 2.Compatible with mobile phone/Air pods & Earbuds/Apple watch, use the best watch chip schemes without worrying about upgrade issues, intelligent matching current, safe charging.
- 3.Magnet charging area, convenient for iPhone12 or above series alignment coil position, but also fit for other Android models.
- 4.Aluminum alloy material, powerful heat dissipation system, improving charging efficiency
- 5.Flexible charging, available horizontally and vertically

## 5 IN 1

Built-in magnet, can be adsorbed at will

▶ Touch to change lights

iWatch charger

Bright Light

Warm Light

## T12 5IN1 Wireless charger with White Noise and removable Night Light

Material : PC+ABS Size : 160\*88\*123mm Product weight : 329g Support models : Mobile phone/Apple watch/Airpods Color : White

- 3 Wireless charging positions for mobile phone/Apple watch/Earbuds, two chips design, use Geo scheme for Apple watch, ensure a stable charging
- 9 natural sounds, soothing and relaxing, easy to fall asleep and wake up naturally, with independent white noise sound system, safe charging, accompanying you to sleep
- Magnetic night light, natural light, white light, warm light will light up at a touch, can be magnetically attracted to any iron surface

## T13 Dual coils 3-in-1 wireless charger

1. Material: ABS+silicon+PC + Metal oil painting
2. Size(Folded): 160\*135\*20mm  
Size(unfold): 160\*135\*130mm
3. Net weight: 182g
4. Input: 9V/3A, 12V/3A
5. Output power: 15W/10W/7.5W/5W/3.5W/2.5W max

1. Can charge 3 devices at the same time, 15w max fast charging speed.
2. Compatible with mobile phone/Air pods & Earbuds/Apple watch, Use the best watch chip schemes without worrying about upgrade issues
3. Left and right design for easy viewing of Apple watch message.
4. Metal oil painting, looks like alloy material, low price enjoy good look.
5. PD protocol, compatible with QC2.0/3.0

## T11 Super-slim Magsafe 3in1 wireless charger

With foldable stand

1. Compatible with: iPhone/TWS Airpods / Apple watch
2. Input: 9V/3A, 12V/3A(max)
3. Version: iPhone 7.5W / iPhone 15W(decoded version)
4. Material: Aluminium alloy+ PC +ABS +Silicone+PU
5. Size: 76\*76\*19.5mm
6. Net weight: 112g
7. Color: Black, Silver
8. Certificate: CE/FCC/ROHS

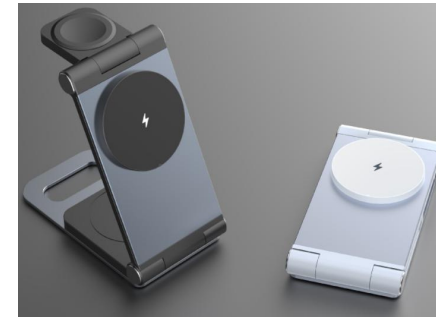

**Korea already has exclusive customers**

1. Can charge 3 devices at the same time, 15w max fast charging speed.
2. Compatible with mobile phone/Air pods & Earbuds/Apple watch, use the best watch chip schemes without worrying about upgrade issues, intelligent matching current, safe charging.
3. Magnet charging area, convenient for iPhone12 or above series alignment coil position, but also fit for other Android models.
4. Aluminum alloy material, powerful heat dissipation system, improving charging efficiency
5. With foldable stand, free switching of charging angle

## iForce T9 Magsafe 3in1 wireless charger

1. Compatible with: iPhone/TWS Airpods / Apple watch
2. Input: 9V/3A, 12V/3A
3. **Version: iPhone 7.5W / iPhone 15W(decoded version)**
4. Material: Aluminium alloy+ PC +ABS +Silicone
5. Size: 140\*70\*20mm
6. N.W.: about 190g
7. Charging protocol: QC /PD
8. Certificate: CE/FCC/ROHS

1. Can charge 3 devices at the same time, 15w max fast charging speed.
2. Compatible with mobile phone/Air pods & Earbuds/Apple watch, Use the best watch chip schemes without worrying about upgrade issues
3. Magnet charging area, convenient for iPhone12 or above series alignment coil position, but also fit for other Android models.
4. Aluminum alloy material, powerful heat dissipation system, improving charging efficiency

## iForce T8 Dual coils 3in1 wireless charger

1. Compatible with: Android & iPhone smartphone /TWS AirPods /Apple watch
2. Input: 9V/3A, 12V/3A
3. Output power: 15W/10W/7.5W/5W/3.5W/2.5W
4. Material: Aluminium alloy+ PC +ABS +Silicone
5. Net weight: about 220g
6. Size: 70\*140\*22mm
7. Feature: Dual coils/ Foldable/ Fast charging
8. Charging protocol: QC /PD
9. Certificate: CE/FCC/ROHS

1. Silicone pad in the bottom, stable & non-slip.
2. Widely compatible with mobile phones & Apple watch & TWS earbuds, use the best watch chip schemes without worrying about upgrade issues
3. 15W max fast charging speed
4. PD protocol, compatible with QC2.0/3.0

## iForce T7 Magsafe 3in1 wireless charger

1. Compatible with: iPhone12/13/14/15 series & TWS Airpods & Apple watch
2. Input: 9V/3A, 12V/3A
3. **Version: iPhone 7.5W / iPhone 15W(decoded version)**
4. Material: Aluminium alloy+ PC +ABS +Silicone
5. Size: 65\*132\*132mm
6. Net weight: about 262g(include cable)
7. Feature: Magnetic/ Foldable/ Fast charging
8. Charging protocol: QC /PD
9. Certificate: CE/FCC/ROHS

**Korea already has exclusive customers**

1. Can charge 3 devices at the same time, 15w max fast charging speed.
2. Compatible with mobile phone/Air pods & Earbuds/Apple watch, Use the best watch chip schemes without worrying about upgrade issues
3. Magnet charging area, convenient for iPhone12 or above series alignment coil position, but also fit for other Android models.
4. Aluminum alloy frosted metal shell with breathable holes, powerful heat dissipation system, improving charging efficiency
5. PD protocol, compatible with QC2.0/3.0

## 3in1 foldable magsafe wireless charger pad

Model No: iForce T5

- 1.Material: PC+Aluminium alloy+ silicon+ABS
- 2.Version: iPhone 7.5W / iPhone 15W(decoded version)
- 3.Input: 5V/3A, 9V/3A
- 4.Color: Black, silver
- 5.Size: 89\*24\*124mm
- 6.Net Weight: 186g
- 7.Certificate: CE/FCC/ROHS

**Korea already has exclusive customers**

- 1.Can charge 3 devices at the same time, 15w max fast charging speed.
- 2.Compatible with mobile phone/Air pods & Earbuds/Apple watch, Use the best watch chip schemes without worrying about upgrade issues
- 3.Magnet charging area, convenient for iPhone12 or above series alignment coil position, but also fit for other Android models.
- 4.Aluminum alloy frosted metal shell with breathable holes, powerful heat dissipation system, improving charging efficiency
- 5.Foldable design, mini size, very suitable for travel or home use
- 6.PD protocol, compatible with QC2.0/3.0

## iForce T3 3IN1 Magsafe wireless charger holder

1. Compatible with: Phone/Apple watch/ Earbuds
2. Version: iPhone 7.5W / iPhone 15W(decoded or Qi2)
3. Input: 5V/3A, 9V/3A
4. Material: Aluminium alloy+PC
5. Magnet: N52
6. Size: 118\*107\*68mm
7. N.W.:194g
8. Color: Black, Silver, Purple
9. Certificate: CE/FCC/ROHS/Qi/Qi2

**Korea already has exclusive customers**

- Silicone pad in the bottom, stable & non-slip.
- Widely compatible with mobile phones & Apple watch & TWS earbuds , we use the best watch chip schemes without worrying about upgrade issues
- 15W max fast charging speed, only 2h50m, can fully charge iPhone14 pro
- The bottom charging area can also charge the Huawei watch/ Earbuds/ Phones
- Magnetism: 7-8N, most desk wireless charger 5-6N
- Aluminium alloy material, and convex charging position, leaving space for heat dissipation, increase charging efficiency by 20%
- Qi certified, reassuring quality
- PD protocol, compatible with QC2.0/3.0

Best Seller

## 3in1 dual coils wireless charger stand

Model No: iForce T6

1. Compatible with: Phone/Apple watch/ Earbuds
2. Power: 15W/10W/7.5W/5W/3.5W/2.5W
3. Input: 5V/2A, 9V/2A
4. Material: Aluminium alloy+PC
5. Type(Dual coil area): Metal painting / Rubber Oiled painting
6. Size: 115\*118\*73mm
7. N.W: 213g
8. Conversion efficiency:  $\geq 75$
9. Sensing distance: 1-6mm
10. Working efficiency: 110khz -205khz
11. Certificate: CE/FCC/ROHS/Qi

1. Silicone pad in the bottom, stable & non-slip.
2. Widely compatible with mobile phones & Apple watch & TWS earbuds, use the best watch chip schemes without worrying about upgrade issues
3. 15W max fast charging speed
4. Quick heat dissipation of metal shell
5. Qi certified, reassuring quality
6. PD protocol, compatible with QC2.0/3.0

# 2IN1 Magsafe Wireless Charger + Phone Stand

Model: T4

1. Material: PC+Aluminium alloy+anti-slip silicone
2. Product Size: 70x128x18mm
3. Net Weight: 150g
4. Output: 15W/10W/7.5W/5W
5. Input: 5V/2A, 9V/2A
6. Compatible size: 13 inches or below phones & tablets
7. Compatible model: for iPhone12 or above series

- 6000+ times folding test
- Multi-functional 2IN1 style, phone stand + magsafe charger.
- Silicone pad, stable & non-slip.
- Magnetic wireless charger pad, charge you phones or earbuds easily.
- Use anodized frosting process, no paint falling, corrosion resistance.
- Aluminum alloy damping shaft, 360 ° multi angle rotation.
- Widely compatible with mobile phones & tablet ipad.

## Alarm Clock Wireless Charger with Night Light

Model: AW20

1. Material: ABS+PC+Fabric
2. Size: 14\*8.2\*2.4cm
3. N.W.: 198g
4. Power: 15W (Max)
5. Working voltage: normal 5V, Time display: 3.7V
6. Alarm clock: 3 groups
7. Night light: 3 gears
8. Support models: All phones with wireless charger
9. Color: White
10. Certificate: CE/FCC/ROHS/ROHS

- Multi-functional all-in-one design(alarm clock, date, time, lights, temperature & wireless charging)
- 15W Max fast charging speed, widely compatible with android & ios mobile phones
- 3 gears for led night light
- Can set 3 group alarm colck
- Sensing in door temperature

## Automatic alignment coil wireless charger

Model: iFORCE T1

- 1.Material: Aluminium alloy+ABS+Silicone+Acrylic
- 2.Product Power: 15W (Max)
- 3.Input : 5.0V/2A;9.0V/2A;12V/2A
- 4.Output: 5W/7.5W/10W/15W(MAX)
- 5.Support models: All phones with wireless charger
- 6.Color: White、 Black
- 7.N.W.: About 205g
- 8.Certificate: CE/FCC/ROHS

- Dual coils automatic induction coil
- Stability,ID upgraded.
- FOD function
- It can be charged either vertically or horizontally.
- Auto tracking alignment coil, it perfectly solves the problem that it is difficult to align the coil due to different sizes of mobile phones in the market, greatly improve the charging efficiency. Charging efficiency increase 25-30%

## 15W Magsafe Wireless Charging Pad

Model: MC003/MC004

- 1.Material: Aluminium alloy +ABS +Fabric(or acrylic)
- 2.Type: Fabric or graduated color acrylic
- 3.Dimension: 55\*5.8mm
- 4.Weight: 50g
- 5.Interface: Type-c
- 6.Transmission Distance:  $\leq 8\text{mm}$
- 7.Input: 5.0V;9.0V;12V/2A(MAX)
- 8.Output: 15W (Max)

- 15W MAX Fast charging speed with low temperature
- It has the charging pop-up prompt
- Ultra-slim, case friendly
- Aluminium alloy material same as Macbook, high-end business style.
- Intelligent power off, automatic switch protection mode when the power reaches 70%
- It takes around 45min to charge 75% of the battery
- 1500GS high-strength magnetic absorption, accurate adsorption and not easy to fall off

## Aluminum alloy Wireless Charger Stand

Material : Aluminium alloy+ABS+PC

Dimension : 61.6\*103.4\*66.6mm Weight :

165g Color: Black+silver, Black+black,

White+silver Product Power: 15W (Max)

Transmission Distance: ≤8mm

Input : 5V/2A; 9V/2A; 12V/2A(MAX)

Certificate: CE/FCC/ROHS

- Seiko fine work (aluminum alloy, PC, ABS material)
- Dual pure copper coil, fit for most size of smartphone in the market.
- 15W max fast charging speed.
- There are cooling holes on the back to prevent high temperature.
- FOD Protection
- Anti-slip silicone pad on the base, avoid slipping when charging the phone
- Built-in LED charging light, can check the charging status at any time

## 2IN1--Phone Stand+Magsafe Holder

Item No: T2

Product Size: 70x128x18mm

Color: Dark Gray, Silver

Compatible with: 13 inches or below phones & tablets

Material: Aluminium alloy+silicone+Anodic oxidation sandblasting

Test: 6000+ times folding test

- Multi-functional 2IN1 style, can be worked as phone stand or magsafe holder.
- Silicone pad, stable & non-slip.
- Foldable design, mini size and easy to carry out.
- Perfectly fit for original magsafe or 1:1 size magnetic wireless charger pad, charge you phones or earbuds easily.
- Use anodized frosting process, no paint falling, corrosion resistance.
- Aluminum alloy damping shaft, 300 ° multi angle rotation.
- Widely compatible with mobile phones & tablet ipad.

02

## Wireless Car Charger

# Once released, the suction is stable, no patch required

Original double-ring closed magnetic array arrangement  
Automatic adsorption

## M8L Magsafe wireless car/desk charger

Material: ABS+PC+Aluminium alloy  
Support models: iPhone12/13/14/15 and later series  
Input : 5.0V、 9.0V/3A(MAX)  
Output: 5W/7.5W/10W/15W(MAX)  
Product size: 211.5\*72\*15.8mm  
Weight: about 120g  
Magnetic attraction force: about 1.3KG

- Multiple scenarios, can be used in car or at home
- Imported removable glue, high temperature resistance and longer lasting use
- Toughness aluminium alloy, 10,000 times bending without trace
- Turn it at will to switch between horizontal or vertical screen, more convenient than clamping type
- Flexible & resistant to bending, can be adjusted 180°angle
- N52 rubidium magnet, strong magnet, won't affect phone signal

## iFORCE M8 Magsafe wireless car charger

Material: ABS+PC+Aluminium alloy

Support models: iPhone12/13/14/15 and later series

Input : 5.0V、 9.0V、 12V/2A(MAX)

Output: 5W/7.5W/10W/15W(MAX)

Product size:60.8\*115\*27mm

Weight: about 123g(with clip & cable)

Type: White indicator light

Magnetic attraction force: 1.3KG

- 15W fast charging, FOD function
- Flexible angle adjustment, won't block the air outlet wind
- Widely compatible with iPhone12/13/14/15 & later series, and better heat dissipation
- Selection of nanometre level, low temperature barrier panel, thicken copper wire to reduce heat, with heat dissipation hole, quick charge and won't hurt your phone
- Stable adsorption, won't affect the mobile phone signal
- For iPhone12 /13/ 14/15 series and later models

Strong magnetic attraction, very stable

## iFORCE M6 Magsafe wireless car charger

1.Material : ABS+PC+silicone+acrylic 2.Support models: iPhone12/13/14/15 and later series 3.Input : 5.0V、 9.0V、 12V/2A(MAX) 4.Version: **iPhone 7.5W / iPhone 15W** 5.Magnet model: N52 6.Magnetic attraction force: 1.5KG

- 15W fast charging, FOD function
- 360° rotation, one-hand operation
- Selection of nanometre level, low temperature barrier panel, thicken copper wire to reduce heat, with heat dissipation hole, quick charge and won't hurt your phone
- Stable adsorption, won't affect the mobile phone signal

## iFORCE M5 MagSafe wireless car charger

--With heat-dissipating fan

Material: ABS+PC+silicone

Size: 96\*67\*42mm

Net weight: about 128g

Support type: iPhone 12/13/14/15 and later series

Input: 5.0V、9.0V、12V/2A(MAX)

**3 Versions: iPhone 7.5W / iPhone 15W(Qi2 & decoded)**

Type: Blue light

Color: black/silver

Certificate: CE/FCC/ROHS/QI2

- 15W fast charging, FOD function
- 360° rotation, one-hand operation
- Selection of nanometre level, low temperature barrier panel, thicken copper wire to reduce heat, with heat dissipation hole, quick charge and won't hurt your phone
- Stable adsorption, won't affect the mobile phone signal
- Built in cooling fan for fast cooling and improved charging efficiency

## M5 Pro Magsafe wireless car charger

--With heat-dissipating fan/ Touch changing color

Material: ABS+PC+silicone

Size: 96\*67\*42mm

Net weight: 97g (not include airvent mount)

Support type: iPhone 12/13/14/15 and later series

Input : 5.0V、 9.0V、 12V/2A(MAX)

Output: 5W/7.5W/10W/15W(MAX)

Type: Multi-color

Color: black/silver

- 15W fast charging, FOD function
- Touch switching lights, full of technological sense
- 360° rotation, one-hand operation
- Selection of nanometre level, low temperature barrier panel, thicken copper wire to reduce heat, with heat dissipation hole, quick charge and won't hurt your phone
- Stable adsorption, won't affect the mobile phone signal
- Built in cooling fan for fast cooling and improved charging efficiency

## Dual Coils Wireless Car Charger Holder

Model: iFORCE W8 Pro

1. Material: ABS+silicon+arcylic+PC + Aluminium alloy
2. Support type: Wireless charging smartphone
3. Input: 5.0V、 9.0V、 12V/2A(MAX)
4. Output power: 15W/10W/7.5W/5W
5. Size: 105x65x69mm
6. Weight: About 177g
7. Compatible with: 4.7-7.2 inches phones

**Korea already has exclusive customers**

- The clamping arm automatically grabs the mobile phone, adjusts up and down, left and right, and accurately aligns the coil, stable without shaking
- 15W fast charging efficiency and wide compatibility, also perfectly fit for iPhone14 & Samsung/Huawei fold/flip series.
- Universal 360° rotating ball, freely adjustable viewing angle
- It uses super capacitor instead of button or polymer battery, and can take out the mobile phone after power-off
- Ultra-thin design, with LED indicator light
- The side button of the bracket can be opened with a light press, preventing accidental touch design, and avoiding the unreasonable opening and closing of the bracket to affect driving safety

# Dual Coils Wireless Car Charger Holder

Model: iFORCE W8

- 1.Material: ABS+silicon+arcylic+PC
- 2.Support type: Wireless charging smartphone
- 3.Input : 5.0V、 9.0V、 12V/2A(MAX)
- 4.Output power: 15W/10W/7.5W/5W
- 5.Size: 105x65x69mm
- 6.Weight: About 166g
- 7.Compatible with: 4.7-7.2 inches phones
- 8.Color: Black

- The clamping arm automatically grabs the mobile phone, adjusts up and down, left and right, and accurately aligns the coil, stable without shaking
- 15W fast charging efficiency and wide compatibility, also perfectly fit for iPhone14 & Samsung/Huawei fold/flip series.
- Universal 360 ° rotating ball , freely adjustable viewing angle
- It uses super capacitor instead of button or polymer battery, and can take out the mobile phone after power-off
- Ultra-thin design, with LED indicator light
- The side button of the bracket can be opened with a light press, preventing accidental touch design, and avoiding the unreasonable opening and closing of the bracket to affect driving safety

# Single coil wireless car charger

## Single Coil Wireless Car Charger Holder

Model: iFORCE W8 mini

1. Material: ABS+silicon+arcylic+PC
2. Support type: Wireless charging smartphone
3. Input: 5.0V、9.0V、12V/2A(MAX)
4. Output power: 15W/10W/7.5W/5W
5. Size: 105x65x69mm
6. Weight: About 150g
7. Compatible with: 4.7-7.2 inches phones
8. Color: Black

- The clamping arm automatically grabs the mobile phone, adjusts up and down, left and right, and accurately aligns the coil, stable without shaking
- 15W fast charging efficiency and wide compatibility
- Universal 360° rotating ball, freely adjustable viewing angle
- It uses super capacitor instead of button or polymer battery, and can take out the mobile phone after power-off
- Ultra-thin design, with LED indicator light
- The side button of the bracket can be opened with a light press, preventing accidental touch design, and avoiding the unreasonable opening and closing of the bracket to affect driving safety

15W wireless car charger

## Damping Mechanical locking Wireless Car Charger

Model: iFORCE W6

1. Material: PC+ABS+silicone+acrylic
2. Size: 118\*74\*60mm
3. Net weight: about 100g
4. Compatible with: for 4.7~6.9 inches mobile phones
5. Support model: all phones with wireless charging
6. Input: 5V/2A,9V/2A,12V/2A(MAX)
7. Output: 5V/1A, 5V/1.1A,12V/1.25A
8. Installation mode: Dashboard、Airvent

- Mechanical damping locking, press the button to open
- 15W fast charging speed, navigation and charging can be carried out at the same time
- Large sensing distance, case friendly
- High density induction coil, all-round intelligent identification, improve charging efficiency
- Very stable, even on bumpy roads, will not drop the phone
- Adjustable base holder, wide compatibility
- It can be placed horizontally and vertically, and the navigation is very flexible

## Magnetic wireless car charger

Model: iFORCE M1

Material: ABS+PC+Aluminium alloy+Acrylic(or silicon)

Dimensions: 63\*73\*33mm

Product weight: 126.5g(with clip & cable)

Support type: iPhone 12/ 13 /14 and above series

Input : 5.0V/2A;9.0V/2A;12V/2A

Output: 5W/7.5W/10W/15W(MAX)

Certificate: CE/FCC ID/PSE

- N52 strong magnet, FOD function
- 15W fast charging, precise align the charging coil
- One-hand operation
- 360° rotation, can work as GPS holder
- Stable adsorption, won't affect the mobile phone signal
- Upgrade compatible, charging does not pop-up
- For iPhone12 /13/ 14 series or above

## iFORCE M2 Magnetic wireless car charger

1. Material: ABS+PC+silicon
2. Size: 64\*33mm
3. Weight: 53g
4. Type: Blue LED light)
5. Input: 5V/2A,9V/2A,12V/2A
6. Output: 5V/1A, 9V/1.1A,12V/1.25A
7. Version: iPhone 7.5W / iPhone 15W
8. Magnet type: N52
9. Color: Black

- 15W fast charging, FOD function
- 360° rotation, one-hand operation
- Ladder design, especially compatible with iPhone14, and better heat dissipation
- Selection of nanometre level, low temperature barrier panel, thicken copper wire to reduce heat, with heat dissipation hole, quick charge and won't hurt your phone
- Stable adsorption, won't affect the mobile phone signal
- For iPhone12 /13/ 14 series or above

# Magnetic wireless car charger

iFORCE M2 Pro

1. Material: ABS+PC+silicon
2. Size: 64\*33mm Weight: 53g
3. Type: Multi-color LED light
4. Input: 5V/2A,9V/2A,12V/2A
5. Output: 5V/1A, 9V/1.1A,12V/1.25A
6. Version: iPhone 7.5W / iPhone 15W
7. Magnet type: N52

**Korea already has exclusive customers**

- 15W fast charging, FOD function
- 360° rotation, one-hand operation
- Ladder design, especially compatible with iPhone14, and better heat dissipation
- Selection of nanometre level, low temperature barrier panel, thicken copper wire to reduce heat, with heat dissipation hole, quick charge and won't hurt your phone
- Stable adsorption, won't affect the mobile phone signal
- For iPhone12 /13/ 14 series or above

# Metal Magnetic wireless car charger

iFORCE M2 Plus

1. Material: ABS+PC+silicon+Zinc Alloy
2. Size: 64\*33mm Weight: 96g
3. Type: Blue LED light or Multi-color LED light
4. Input: 5V/2A,9V/2A,12V/2A
5. Output: 5V/1A, 9V/1.1A,12V/1.25A
6. Version: **iPhone 7.5W / iPhone 15W**
7. Magnet type: N52
8. Color: Black

- 15W fast charging, FOD function
- 360° rotation, one-hand operation
- Ladder design, especially compatible with iPhone14, and better heat dissipation
- Selection of nanometre level, low temperature barrier panel, thicken copper wire to reduce heat, with heat dissipation hole, quick charge and won't hurt your phone
- Stable adsorption, won't affect the mobile phone signal
- For iPhone12 /13/ 14 series or above

15w max fast charging speed

#### W4 Auto Aim Coil Wireless Car Charger

Material: ABS+PC+Acrylic+silicone

Power: 15W(MAX)

Size: 100\*60\*54mm

Input : 5.0V、 9.0V、 12V/2A(MAX)

Output: 5V/1.0A;9.0V/1.1A;12.0V/1.25A

Capacity for button cell: 40mAh

Standby time: about 1 week

Support device: Mobile phones that support wireless charging

Transmission Distance:  $\leq 8$ mm

Installation mode: Air vent/ Dashboard

Color: pink、 white、 blue、 black

- Intelligent scanning coil, automatic circle alignment, 15W max fast charging speed
- Automatic sensing clamping arm, one hand operation
- Mechanical sound prompt, memory function, put and charge
- Built-in 40mAh battery, which can still open and close after power-off
- Electric clamping arm, no noise, more durable and stable
- 360° rotatable ball, freely adjust the viewing angle

## iForce W1 touch sensor wireless car charger

Material: Acrylic+ABS+PC+silicon

Power: 15W(MAX)

Input : 5.0V、 9.0V、 12V/2A(MAX)

Output: 5V/1.0A;9.0V/1.1A;12.0V/1.25A

Support type: 4.7-6.9 inches phones that support wireless charge

Transmission Distance: ≤8mm

Installation mode: Airvent mount

Color: Bright pink、 Bright white、 Bright blue、 Bright black、 black

- 15W Max fast charging speed
- Touch the bottom metal sensor to automatically open/close the clamping arm, put and charge immediately
- Stable and unshakable
- Built in supercapacitor, able to open and close even after power outage
- 360° rotating angle

Fast charging

Touch sensor

0 Noise

Stable

## Auto Scan Tracking coil Wireless Car Charger

Model: Xiaoqi5

1. Material: Glass+ABS+PC+Silicon
2. Size: 105\*75mm
3. Net weight: 217g
4. Power: 15W(MAX)
5. Input: 5V/2A; 9V/2A; 12V/2A
6. Support equipment: all mobile phones that had wireless charging function
7. Transmission Distance:  $\leq 8\text{mm}$
8. Certificate: CE/FCC/ROHS/PSE

- Intelligent auto scan & alignment coil, widely compatible with all size of mobile phone, perfectly solve the problem of difficult coil alignment, improve the charging efficiency.
- 15W max fast charging speed.
- Buzzer reminder, memory function, once you put down the phone it will charge immediately
- Built-in super capacitor, the arms can still be opened and closed after the car power off
- Electric clamping arm, no noise, more durable and stable
- 360° rotatable ball, freely adjust the viewing angle

## Qi intelligent wireless car charger

Item: This is X

Material: ABS+PC+Glass+Silicone

Dimensions: 60\*100mm

Product N.W.130g

Power: 15W(MAX)

Input : 5V/2A; 9V/2A; 12V/2A(MAX)

Transmission Distance: < 8mm

Installation mode: Dashboard,Air vent

Certificate: CE/FCC/ROHS/PSE/UN38.3

- Intelligent control, three-axis linkage, coil precision alignment.
- Touch the switch at the top to avoid mistouching.
- Three-claw silicone upholstery to protect your phone in all directions.
- Qi certified, high quality.
- Built-in 100mAh battery, which can still open and close after power-off
- Electric clamping arm, no noise, more durable and stable

# Qi wireless car charger

Aluminium alloy + Glass

## Qi auto alignment coil car wireless charger

Name: XiaoQi 4

Material: Aluminium Alloy+Glass+ABS+PC+Silicone

Power: 15W(MAX)

N.W.: 210g

Input : 5.0V/2A;9.0V/2A;12V/2A(MAX)

Support equipment: All Qi-enabled mobile phones

Transmission Distance: ≤8mm

Installation mode: Airvent、 Dashboard

Certificate: CE/FCC/ROHS/PSE/UN38.3/MSDS/TS02

-Intelligent auto moving alignment coil, widely compatible with all size of mobile phone, perfectly solve the problem of difficult coil alignment, improve the charging efficiency

-15W fast charging speed.

-Memory function, put and charge at short time

-Built-in 100mAh battery, It can still open and close after car power off

-Aluminum alloy clamping arm, no jamming, no noise, more durable

03

Car Phone Holder

### H3 Foldable Two-side Magnets Car/Desk Holder

Material: Zinc Alloy+ magnet+silicon

Size: 58.3\*55.4\*4.75mm

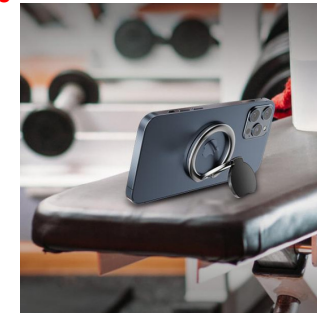

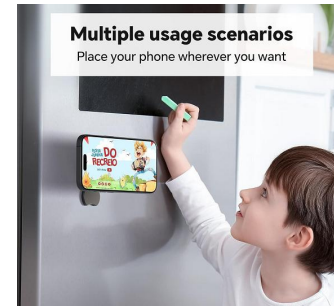

Net Weight: 62.2g

Magnet Model: N52

Magnetic attraction force: Big ring 1.1kg, bottom part 2.1kg

Usage Scenario: Metal bracket/ Refrigerator/ Blackboard/ Metal case computer monitor/ Desktop/ Some metal equipment in the gym

**Korea already has exclusive customers**

1. There are magnets at both ends, which can be freely pasted on any metal surface, with diverse usage scenarios
2. It can work as desktop stand or car mount holder. Widely applicable scenarios, you can use it when cooking, exercising, writing on the blackboard, in the car, etc.
3. Whether it's quick facial recognition to unlock your phone while working, or taking selfies, live broadcasts, watching TV, etc., they are all your good helpers.
4. The thickness is only 50mm, which can be carried around without taking up space, and can be taken out and used anytime, anywhere

**Cautions:** 1. If your iPhone 12/13/14/15 series phone is installed with a thick phone case without a magnetic ring, causing weak magnetic force, please install a metal ring yourself before using.

2. Some special material phone cases can not use this product, such as leather material, or uneven surface of the phone case.

3. Please remove this product first when wireless charging.

# Magnetic Car Phone Holder

Won't block air conditioning outlet

## M4 Magnetic Car Phone Holder

Material: ABS+PC+Rubber oil

Installation mode: Air vent mount

Color: black/gray/silver

Product size: 114\*67\*25mm

Weight: about 76.5g(with clip)

Rotating ball size: 17mm

- Strong magnet adsorption, very stable, will not fall off.
- Mini size and flexible angle adjustment, won't block the air vent
- Wide compatibility range, suitable for iPhone12 and later series, or all phones with magnetic case.
- 20pcs N52 ammonium iron boron permanent magnets
- 21N magnetic attraction force, equivalent to 6pcs iPhone14
- Suitable for various strip type air vents such as horizontal/vertical/inclined. Not applicable to irregular air vents

New Arrival

## iForce M3 magntic car holder

Material: ABS+PC+Metal spray painting

Installation mode: Air vent mount

Color: black/green/yellow/silver/OEM

Rotating ball size: 17mm

Size: 59x59x22mm

Weight: about 58.6g(with clip)

- Strong magnet adsorption, very stable, will not fall off.
- Mini size, won't block the air vent
- Wide compatibility range, suitable for iPhone12 and above, or all phones with magnetic case.
- 20pcs N52 ammonium iron boron permanent magnets
- 21N magnetic attraction force, equivalent to 6pcs iPhone14
- Suitable for various strip type air vents such as horizontal/vertical/inclined. Not applicable to irregular air vents

## iFORCE G10 Gravity Car Smartphone Holder

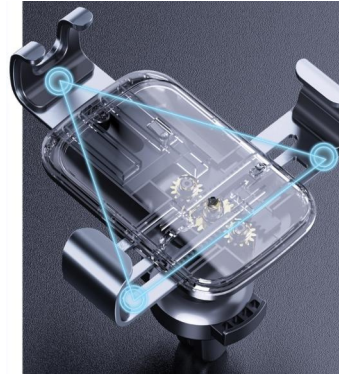

Material: PC+ Aluminium alloy+ CNC

Support models: 4.7~6.8 inches phones

Size: 95\*110mm

about 65g (with clip)

Color: Black, Grey

- Precision mechanical alloy structure, precise control of gear and slot clearance, no jamming and no noise
- Aviation alloy material, anti-scratch and wear-resistant
- Upgraded triangle design, very stable does not fall
- 360° rotation angle
- Without magnet, won't affect the signal of phone
- Reserve charging port to ensure phone charging and navigation

## iFORCE G11 Gravity Car Smartphone Holder

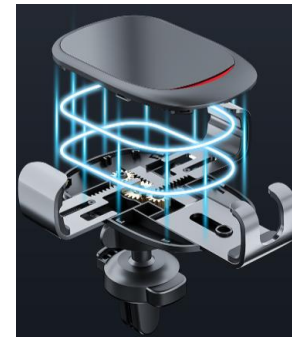

Material: PC+ Aluminium alloy+ CNC+Acrylic

Support models: 4.7~6.8 inches phones

Product Size: 95\*102\*46mm

about 65g (with clip)

Color: Black, Grey

- Invisible gravity design, zero noise
- The clamping force is upgraded, which is stable and does not fall
- 360° rotation angle
- Reserve charging port to ensure phone charging and navigation

## iFORCE G9 Gravity Car Smartphone Holder

Material: aluminium alloy+ABS+silicone+Texture

Dimensions: 105\*36\*50mm Installation mode:  
air vent、dashboard Support models: 4.7~6.8  
inches phones

Color: Black/Dark gray/gray

- New butterfly gravity surround design, zero noise
- Grade 8 anti-seismic structure, six point support, firmly lock the mobile phone
- Reserve a charging port, navigate while charging, and drive safely
- 360° rotating angle
- Surface sandblasting process, oxidation resistance and scratch resistance

## iFORCE G7 Gravity Car Phone Holder

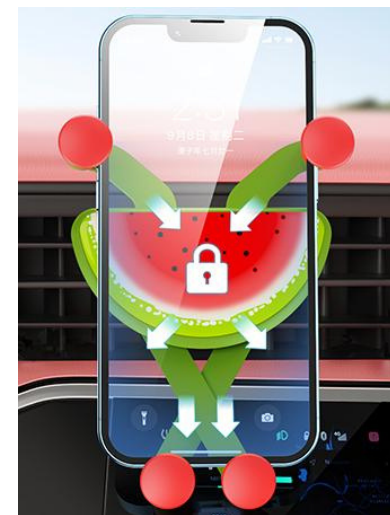

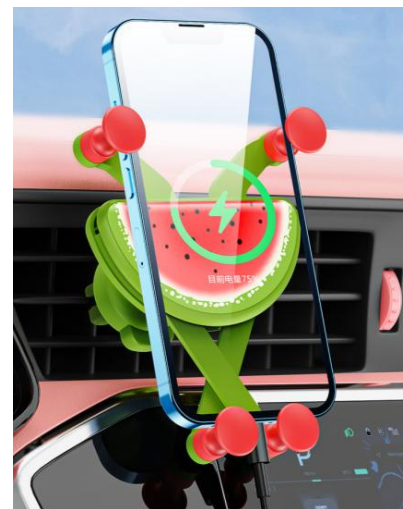

Material : ABS+PC+silicone

Dimensions : 110\*52\*51mm Type : Air

Vent clip 、 Dashboard mount Support

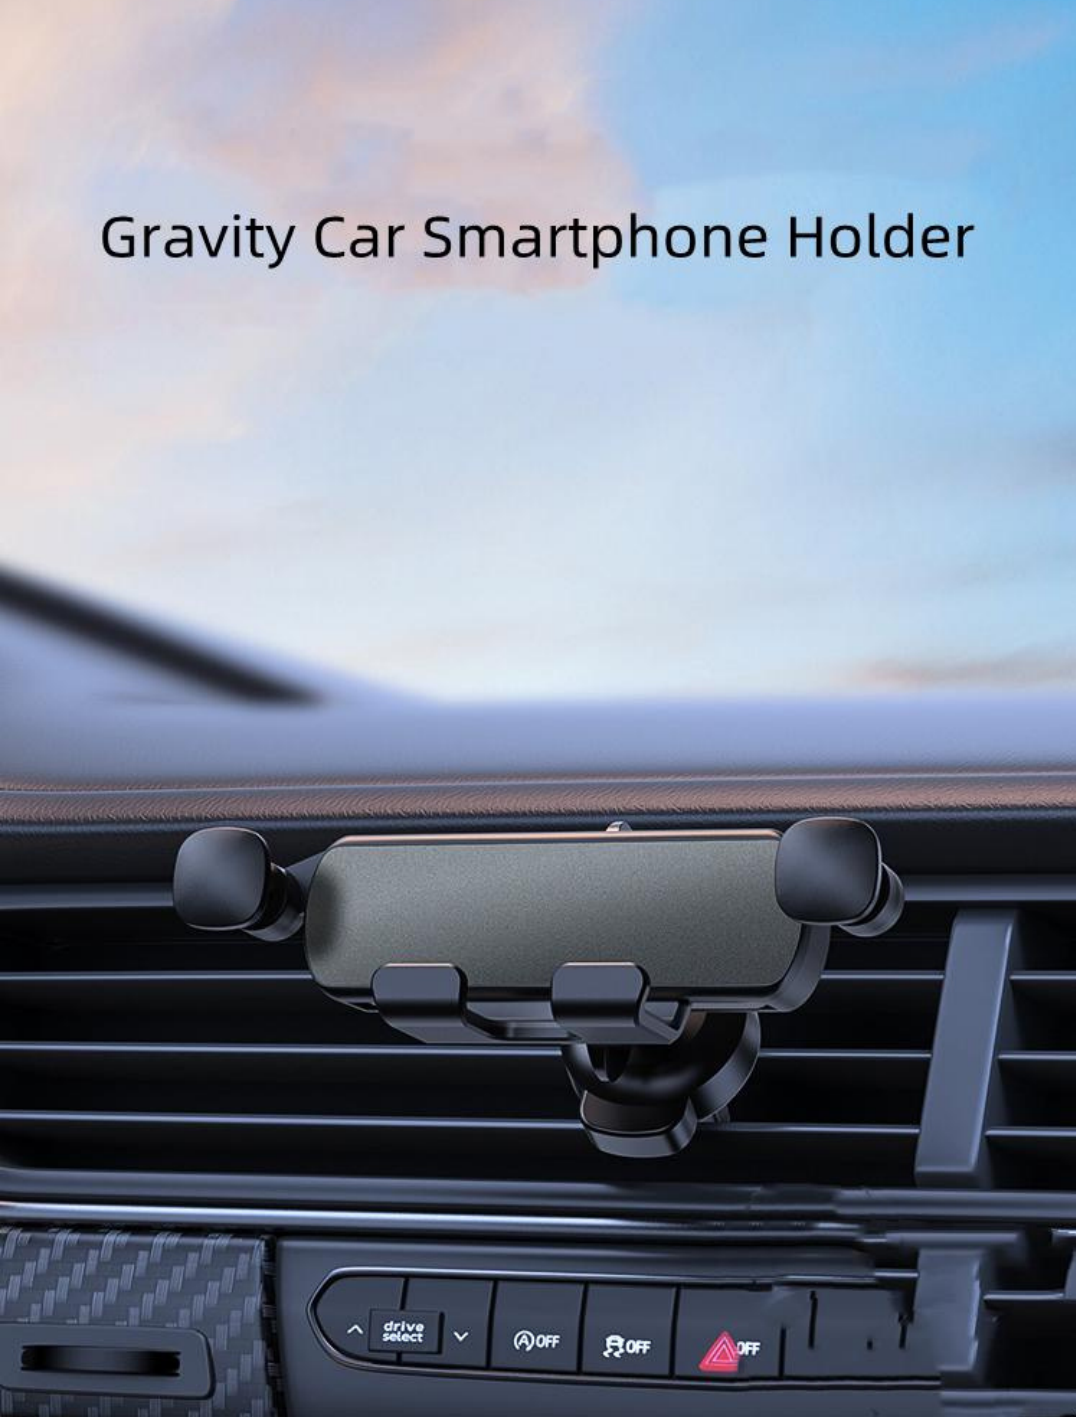

models : 4.7~6.8 inches phone Color :

Watermelon、 Kiwi fruit、 Lemon

- Creative fruit look
- Gravity lock the phone , one-hand-operation, zero noise
- Four corner cohesion design, large package coverage, stable and stable
- Reserve a charging port, navigate while charging, and drive safely
- 360° rotating angle

# Gravity Car Smartphone Holder

## iFORCE G8 Gravity Car Holder

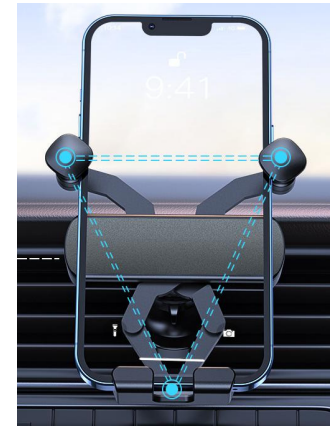

Material: ABS+PC+silicon

Size: 112\*34\*50mm

Installation mode: airvent dashboard

Support models: 4.7~6.9 inches phone

Color: black, grey, blue, red

- New electroplating process, high color value, small size
- Gravity linkage principle, no noise
- One-hand operation
- Reserve a charging port, navigate while charging, and drive safely
- 360° rotating angle

## iFORCE G8 Pro Gravity Car Holder

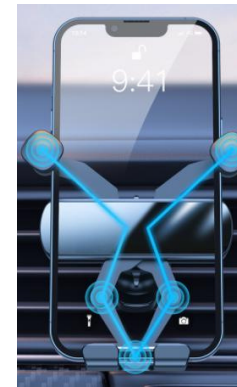

Material : ABS+PC+silicon+Acrylic

Size: 112\*34\*50mm Installation

mode: airvent dashboard

Support models: 4.7~7 inches phone

Color: black

- New electroplating process, high color value, small size
- Gravity linkage principle, no noise
- One-hand operation
- Reserve a charging port, navigate while charging, and drive safely
- 360° rotating angle

# Acrylic Gravity Car Holder

## iFORCE G8Plus Gravity Car Holder

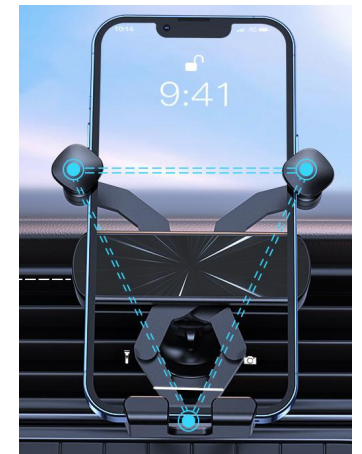

Material: ABS+silicon+acrylic

Size: 112\*34\*50mm

Installation mode: airvent, dashboard

Support models: 4.7~6.9 inches phone

Color: blue, pink, black, white

- New electroplating process, high color value, small size
- Gravity linkage principle, no noise
- One-hand operation
- Reserve a charging port, navigate while charging, and drive safely
- 360° rotating angle

## iFORCE G6 Gravity Car Phone Holder

---

Material : ABS+silicone Dimensions :

105\*30\*60mm Type : Air Vent clip、

Dashboard mount Support models :

4.7~6.8 inches phone Color : Black

/White

- New butterfly gravity surround design, zero noise
- Grade 8 anti-seismic structure, six point support, firmly lock the mobile phone
- Reserve a charging port, navigate while charging, and drive safely
- 360° rotating angle

## iFORCE G6 Pro Gravity Car Phone Holder

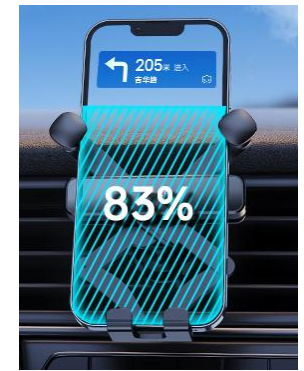

Size(folded): 105x30x60mm

Compatible with: 4.7-6.8 inches smartphones

Color: Black / Gray / Blue / Red

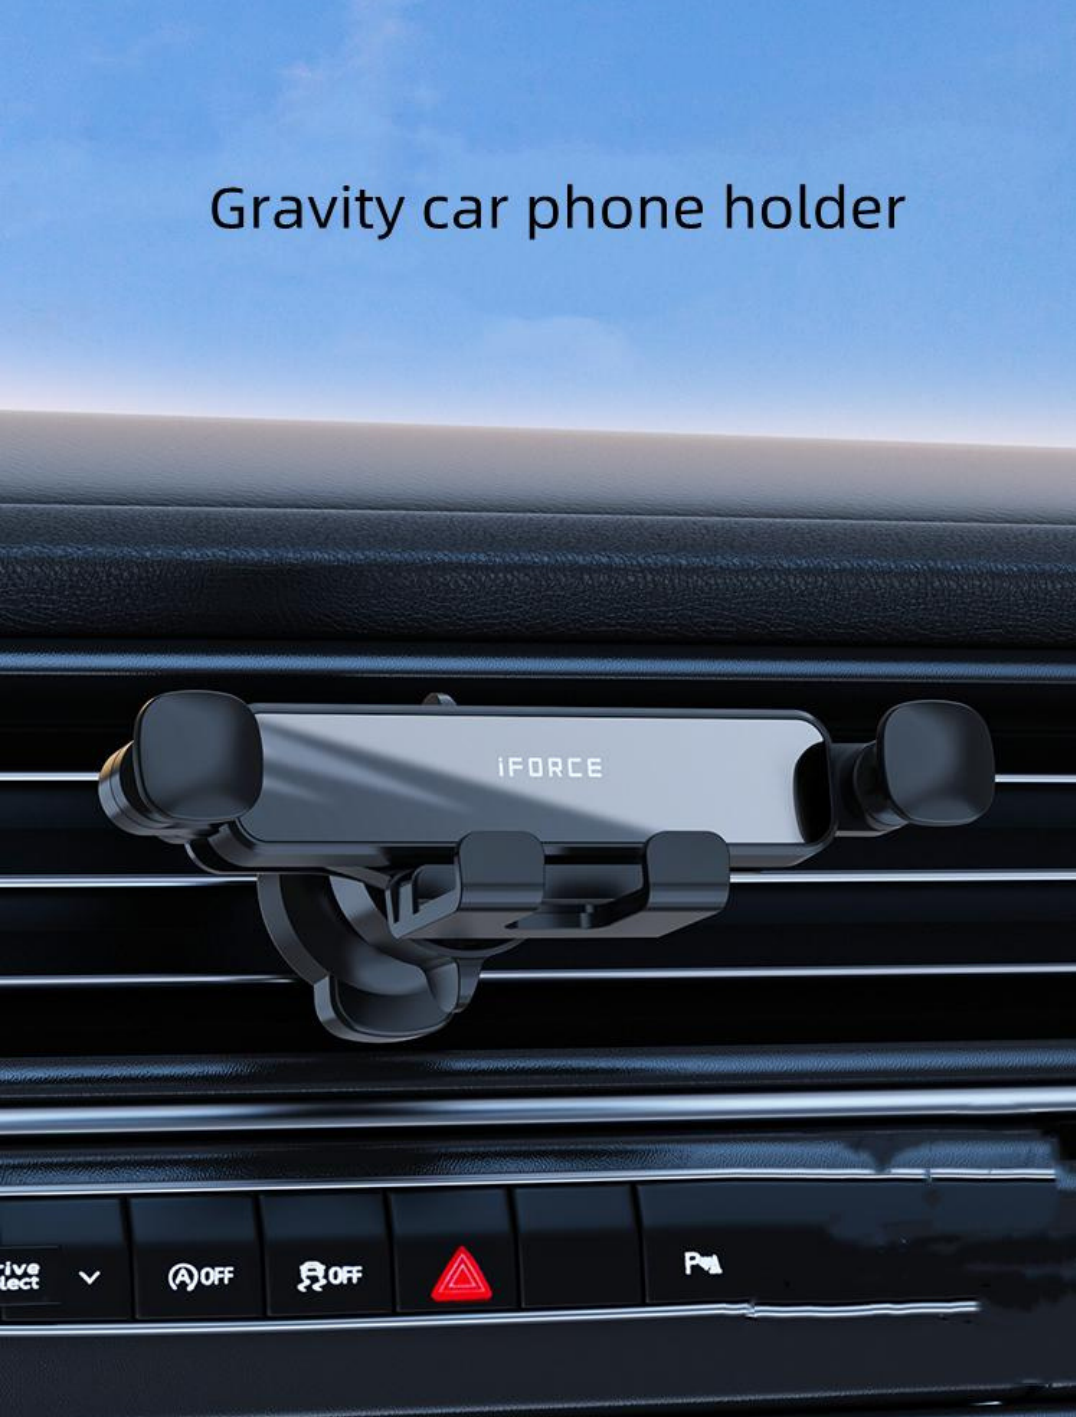

Material: ABS+Silicone+Aluminium alloy

Type: Air Vent clip、 Dashboard mount

- Built in damping high-density silent shaft and silencing diaphragm, effectively reducing vibration and noise
- 360° rotating angle
- Do not block press-keys and charging ports
- Mini size, like decorations in a car
- Thickened soft silicone to prevent scratches on the mobile phone
- Gravity locking, one hand operation
- 83% coverage of mobile phone, not easy to drop

# Gravity car phone holder

## iFORCE G6 mini Gravity Car Phone Holder

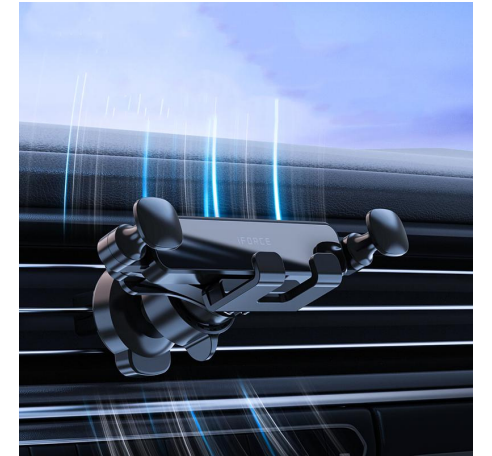

Material: ABS+Silicone+Acrylic

Dimensions: 105\*30\*60mm

Type: Air Vent clip、Dashboard mount

Support models: 4.7~6.8 inches phone

Color: Black

- New butterfly gravity surround design, zero noise
- Grade 8 anti-seismic structure, six point support, firmly lock the mobile phone Reserve a charging port,
- navigate while charging, and drive safely 360° rotating angle
-

## iFORCE G6 Plus Gravity Car Phone Holder

Size(folded): 105x30x60mm

Compatible with: 4.7-6.8 inches smartphones

Color: Black / Gray / Blue / Red

Material: ABS+Silicone+Acrylic

Type: Air Vent clip、 Dashboard mount

- Built in damping high-density silent shaft and silencing diaphragm, effectively reducing vibration and noise
- 360° rotating angle
- Do not block press-keys and charging ports
- Mini size, like decorations in a car
- Thickened soft silicone to prevent scratches on the mobile phone
- Gravity locking, one hand operation
- 83% coverage of mobile phone, not easy to drop

## iFORCE G3 Mechanical Lock Car Smartphone Holder

Material: Aluminium alloy+ABS

Size: 100\*48\*91mm

Net weight: 35g

Installation mode: air vent、 dashboard

Support models: 4.7~6.7 inches phone

Color: black、 Blue、 green、 purple、 gold

\*Mechanical type, can be operated by one hand, and it is stable as soon as it is placed

\*New appearance structure and new experience mode

\*The clamping force is upgraded, which is stable and doesn't fall

\*Metal material, better texture, practical and wear-resistant

\*Both horizontal and vertical screens are available, and the angle can be adjusted arbitrarily

2022 upgraded version of the car gravity bracket

# Stable and far-reaching

Structural upgrade, safety locking

Best Seller

## G4 Mechanical Lock Car Smartphone Holder

Material: ABS+PC

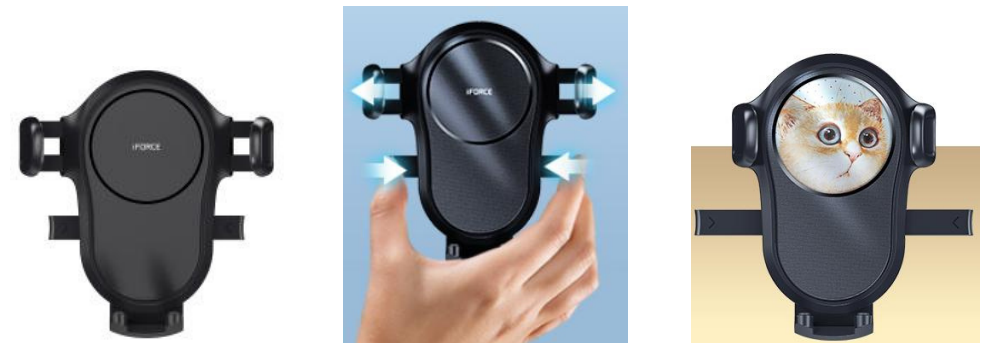

Size: 100\*48\*91mm

Product weight: 82g (with clip)

Installation mode: Airvent / dashboard

Support models: 4.7~6.7 inches phones

Color: Black

- One hand operation, touch & lock
- The new linkage telescopic module makes the clamping force more stable and tight
- The clamping force is upgraded, which is stable and does not fall
- 360° rotation angle
- Reserve charging port to ensure phone charging and navigation

# Small to stealth New upgrade

## Gravity Car Smartphone Holder

Item: MINI2

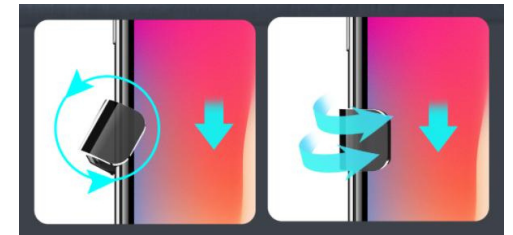

Material: Zinc alloy+PPS+Silicone

Dimensions: 97\*26\*27mm

Net weight: about 58g

Compatible: 4.7~6.7 inches phones

Color: Electroplating black, Matte black

- Mini and stable
- Zinc alloy material, better texture, practical and wear-resistant
- Gravity sensing, firmly grip your phone, anti-slip
- Fine structure, shockproof
- Baking varnish craft, mirror polishing
- 360° rotation

# Gravity Car Mount Holder

## Gravity Car Smartphone Holder

--oFORCE G1

Material: Aluminium alloy+ABS+Silicone

Dimensions: 113\*25mm

Product weight: 47g

Installation mode: Air vent,dashboard

Support models: 4.7~7.0 inch cellphones

Color: Pink,White,Blue,Black

- Nano vacuum electroplating process
- Tilting is responsive
- One-hand operation,noiseless
- 360° rotation

## oFORCE G2 Gravity Car Smartphone Holder

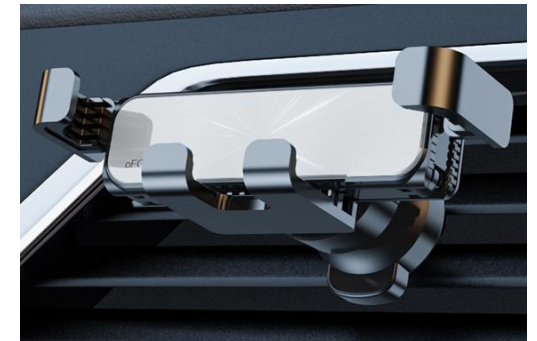

Material: ABS+PC

Dimensions: 105\*30\*55mm

Net weight: 52g

Color: black, blue, pink, white

Support models: 4.7~7 inches phones

- Invisible design, won't block the driving view
- The clamping claw will automatically swing horizontally, won't blocking the power button
- Quieter, smaller, more stable
- 360° Adjustable angle , one-hand operation
- Steel core clip, double force clamping
- The volume is only 1/3 of other holders on the market

# Gravity Car Holder

## Gravity Car Smartphone Holder

iFORCE G2

1. Material: Aluminium alloy+ABS+PC+Plastic
2. Installation mode: Air vent,dashboard
3. Size: 105\*30\*55mm
4. Net weight: 107g
5. Support models: 4.7~7.0 inch cellphones
6. Color: Space grey,Black

- New electroplating process, aluminium alloy material, better texture, practical and wear-resistant
- Quieter, smaller, more stable
- One-hand operation
- 360° Adjustable angle, one-hand operation
- The volume is only 1/3 of other holders on the market

# General model can be used everywhere

Mini size does not cover the air outlet

Universal style

outlet style

## iFORCE G1 Gravity car smartphone holder

Material: Aluminium alloy+ABS+PC

Dimensions: 110\*36\*52mm

Installation mode: Air vent,dashboard

Support models: 4.7~7.0 inch cellphones

Color: Space gray

- New electrplating process
- More stable
- 360°rotating angle , one-hand operation
- Auto lock, invisible and mini size, like interior decoration

## Gravity Car Smartphone Holder

Item: Little one Pro

Material: ABS+Silicone+aluminium alloy

Dimensions: 113\*28mm

Product N.W.:48g

Installation mode: Dashboard,Air outlet grille

Support models: 4.0~6.0inch

Color: Black,Blue,Red,Silver

- Metal sandblasting process, no fading, more durable.
- Telescopic structure, one hand operation in one second.
- Flexible nano silica gel, no harm to mobile phone, no harm to car.

# Mechanical Lock Car Smartphone Holder

Item: Little one L

Material: ABS+Silicone  
Dimension: 106\*106\*60mm  
Product N.W.:71g  
Installation mode: Dashboard,Air outlet grille  
Support models: 4.7~6.7inch  
Color: Black

- It will be clamping automatically when your phone touch the module.
- Steady no shaking Quiet.
- 360°freely rotation.

## R1 gravity car holder

Material: ABS+PC+ aluminium alloy

Dimensions: 100\*25.5mm

N.W.: 35g

Installation mode: air vent , Dash board

Support models: 4.7~6.8 inches phone

Color: Gray、 Red、 Black

Box size: 10.5\*4\*8.9cm  
CTN Size: 54.5\*22.5\*38cm  
G.W: 57g  
Qty/CTN: 100PCS  
W/CTN: 6.2KG

- Zero noise, one hand operation
- Aluminium alloy+CNC high bright edge, high-end quality
- Silicone clip, built in steel core, stable upgrade, won't damaging the air vent
- The clamping arm is retractable and deformed, double triangle clamping mobile phone, and the clamping surface is larger

## Gravity Car Smartphone Holder

This is One Pro

Material: Aluminium alloy+ABS+PC

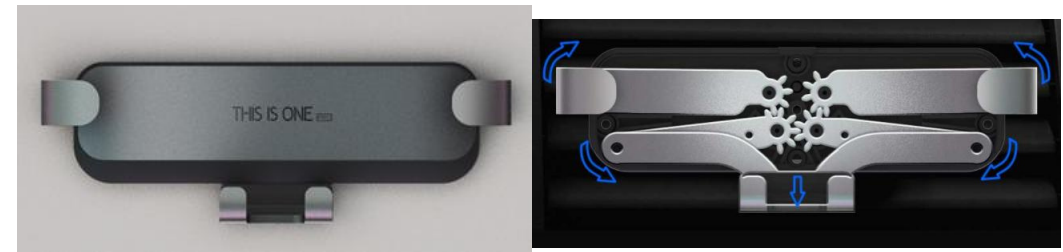

Size: 104\*12.9\*35.7mm

Color: black/grey/gold/red

Net weight: 55g

Compatible with: 4-6.5 inches phones

Package with: air vent clip

- New butterfly gravity surround design, zero noise
- Grade 8 anti-seismic structure, six point support, firmly lock the mobile phone
- Reserve a charging port, navigate while charging, and drive safely
- 360° rotating angle
- Surface sandblasting process, oxidation resistance and scratch resistance
- Silicone clip, built in steel core, stable upgrade, won't damaging the air vent

## Gravity car smartphone holder

## iFORCE G5 Gravity Car Holder

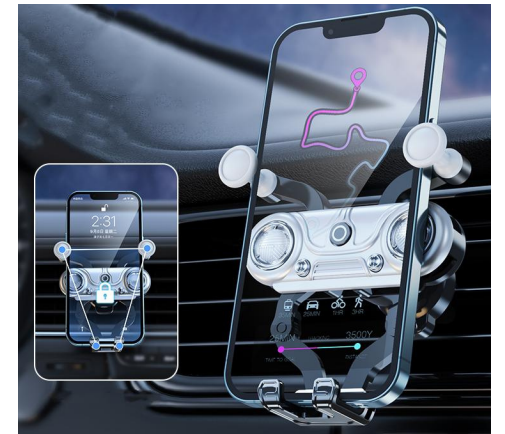

Material: ABS+PC

Dimensions: 112\*42\*50mm

Support type: 4.7-6.7 inches phone

Installation mode: dashboard airvent

Color: black、white、pink

- Mini size, creative look
- Butterfly type embracing, supporting larger area, gravity locking
- Steel core chuck, double clamping, natural silicone, anti-skid and anti shaking
- Case friendly
- Automatic clamping, one-hand operation
- 360° rotating angle

## This is ONE Gravity Car Smartphone Holder

Material: ABS+PC

Color: black/red

Size: 120\*27.5mm

Net weight: about 50g

Compatible with: 4-6.5 inches phones

Package with: air vent clip

- Reserve a charging port, navigate while charging, and drive safely
- 360° rotating angle, one hand operation
- Silicone clip, built in steel core, stable upgrade, won't damaging the air vent

## iFORCE A1 Electric Car Smartphone Holder

Material : ABS+Aluminium alloy+PC

Dimensions : 60\*40\*43mm Support

type : 4.7~7.0 inch cellphones

Installation mode : Dashboard,air vent

Color: Balck

- Automatically clamping, technological sense.
- Foldable,nano-alloy material,long service life.
- High brightness soft silicone, more stable.
- Buit-in 250mAh battery, lasts up to 1 month on a single charge.
- 360 degrees rotation.

# Electric Car Smartphone Holder

iFORCE A2 (Standard )

Material : ABS+Aluminium alloy+PC

Size : 73\*44.5\*55mm N.W. : 105g

Battery capacity: 250mah Support

type: 4.7~6.7 inch cellphones

Installation mode: Dashboard,air vent

Type: standard、Acrylic

- Pure electric automatic opening and closing, easy to retract and release
- Electric grip your phone firmly, clamping force can reach 950N
- Nano alloy material, long using life
- Gravity linkage principle, opening and closing without noise
- High brightness soft glue, increase friction, more stable and tighter
- Built-in 250mah battery, Charging for half an hour can last for 1 month
- 360 degrees rotation.

# Simple and fast operation

Automatic clamping  
one hand operation and easy to take it off

Press the back button to open the clamping arm

Put your phone in it and press the button again  
Then auto grip the phone

## Electric car smartphone holder

Model: iFORCE A2 Plus(Aluminium alloy version)

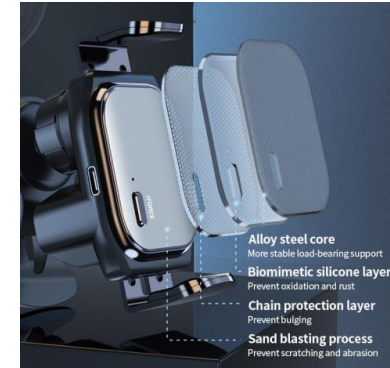

Material: ABS+PC+Aluminium alloy

Dimensions: 73\*44.5\*55mm

Support type: 4.7~6.7 inches phone

Installation mode: airvent , dashboard

Color: Space gray

- Electric automatic opening and closing, free retraction and retraction, strong sense of technology
- Foldable storage, smaller and more integrated
- Nano aluminum alloy material, long service life
- Electric linkage principle, noiseless opening and closing
- High brightness soft silicone, increase friction, more stable and tight
- Built-in 250mA battery, half an hour of charging, 1 month of using life
- 360° rotating angle

## Electric car smartphone holder

Model: iFORCE A2 Pro (Colorful acrylic version)

Material: ABS+PC+Aluminium alloy

Dimensions: 73\*44.5\*55mm

N.W.: 105g

Support type: 4.7~6.7 inches phone

Installation mode: airvent , dashboard

Color: Space gray

- Electric automatic opening and closing, free retraction and retraction, strong sense of technology
- Foldable storage, smaller and more integrated
- Nano aluminum alloy material, long service life
- Electric linkage principle, noiseless opening and closing
- High brightness soft silicone, increase friction, more stable and tight
- Built-in 250mA battery, half an hour of charging, 1 month of using life
- 360° rotating angle

## Car phone holder for magsafe charger

Name: Compass

Material: ABS+Silicone

Size: 70\*66\*100mm/70\*66\*100mm

N.W.:50g

Installation mode: Air vent

Support models: 4.7~6.7 inches

Color: black, red

Note: it's only a holder, without magsafe charger

- Upgrade the structure, rotate the clamping arm and retract it
- Both arms are clamped, and phone is quickly aligned and charged
- Rotate and retract the clamping arm, change into the MagSafe wireless charging holder
- Can work as phone holder when there's no magsafe wireless charger in it
- 360° rotation, placed horizontally or vertically
- Silicone inner, protect your car

## iFORCE B1 car suction cup for dashboard

Dimensions: 65\*31\*145mm

Applicable models: all cars

Product weight: 83g

Color: black

Ball Size: 13mm or 17mm

- Cardan shaft design, the angle can be adjusted 360°
- Nano-absorption, very stable and not falling-off, no harm to interior
- High and low temperature resistance
- Streamlined design, does not block your view when driving
- Vacuum close fitting, double pressure valve vacuum exhaust, leather/rough particle surface can also be used

04

Car Diffuser & Accessories

## iLIKE S7 Solar rotating car aromatherapy diffuser

Material: Zinc alloy+Black Walnut

Color: Black

Net weight: about 140g

Type: oil perfume

Feature:Solar powered rotation emits fragrance

- Adopting aviation solar spotlight plate, rotating and accelerating to emit fragrance
- Natural logs diffuse fragrance
- Daylight mode: Rotating under light, quickly emitting fragrance
- Night mode: Naturally emitting fragrance

New Arrival

## iLIKE S8 car aromatherapy diffuser

- 1.Material: Zinc alloy+Black Walnut+PE+PU Leather
- 2.Installation mode: Air Vent Mount
- 3.Color: Bright Black/ Matte Black/ Matte Silver
- 4.Size: 95\*18\*50mm
- 5.Type: solid PE aromatherapy stick (Replaceable **solid** PE aromatherapy stick)
- 6.Scents: Osmanthus/Freesia/Gardenia/Romeholiday /Ocean/Cologne

- 1.Plant essential oil extraction for long-lasting fragrance retention,available for pregnant women and babies
  - 2.Suitable for various types of air vents
  - 3.Made of alloy, and selected North American Walnut Wood, lightweight,fashionable and durable
  - 4.Does not add alcohol, safely eliminate odor, continue to emit fragrance
- \*Remark:The PE aromatherapy stick of this product is made by soaking and concentrating essential oil, and can be used for about one month. The specific time depends on the frequency of car use
- \*Customers can purchase replacement aromatherapy sticks themselves, as long as the size is consistent

## iLike S1 Car aromatherapy diffuser

Material: PP+PC+Aluminum alloy (oxidized)

Rate power: 1W

Size: 60x53x44mm

Net weight: 35g

Perfumed: Osmanthus、Ocean、 Freesia (liquid oil)

Installation mode: Air outlet

Perfume oil capacity: 10ml

Machine battery: 116mah

Charging time: about 30min

Using time: about 700 times when it's fully charged

Using time/bottle: 1000-1200 times

- Intelligent induction spray
- Nano atomization to dispel the smell of the fragrant car (the fog comes out quickly, and it only takes a few seconds to fill the car)
- 2 gears are adjustable and the fragrance is optional (two fragrance spraying modes and two functions can be selected at will)
- Large volume perfume, lasting fragrance (refuse to add repeatedly, really lasting fragrance)
- Alloy material (no fear of high temperature, no deformation, durable)
- Safe and healthy (discard chemical ointment, extract natural vegetable oil, and inhale more healthily)

## Solar rotating car Aromatherapy

Item: YIXIU

Material: ABS+PC+Zinc alloy+wood+solar panel

Perfumed: cologne、 sea (liquid oil)

Installation mode: Stick(3M glue)

Product N.W.:142g

Color: Black

- Selected materials (alloy body with clearly textured maple wood as material)
- Safe and healthy (discard chemical balms, extract natural vegetable oils, inhale healthier)
- Eco-friendly energy saving (solar drive, maple block rotation)
- More uniform fragrance (converts light kinetic energy into wind energy, rotation more conducive to fragrance diffusion)
- Alloy material (not afraid of high temperature, no deformation, durable)
- Steady and unmarked (washable removable glue)

iTrust H1 car mount press window breaker

Once you press down the head  
on the glass, it will break  
**Quick escape**

Tungsten steel head, Seat belt cutter  
No fear of water pressure

## Emergency tools car window breaker /Seatbelt cutter

Model: H1

- 1.Material: Aluminium alloy shell+metal grinding oxidation
- 2.Dimensions: 21\*95mm, G.W.:110g
- 3.Function: Broken windows+cut the seat belt
- 4.Craft: Oxidation
- 5.Color: Steel grey
- 6.Stainless steel grade: SKD11
- 7.ROCKWELL hardness: 60HR
- 8.Accessories: lanyard / pu holder base with 3M glue / one piece glass for test
- 9.Impact force: 20KGF

- Tungsten carbide bur, quickly broken windows.
- The spring as a gun, not affected by water pressure.
- Safety cutter, for emergency escape to create conditions.
- Hidden design, safe and does not hurt hands.
- Mini and compact, easy to carry.
- Metal grinding oxidation process, long service time.

## Cable /Earphone wire Organizers Hook

Material: ABS+Silicone

Dimensions: 52\*27\*19.5mm

Using scene : In car/Home/ Office

Installation mode: Paste

Color: Green、 Silver、 Black

- Can be used in car or at home or in office
- Mini size
- High quality ABS+silicone, Durable, no fracture, no residual glue
- Strong 3M glue, stable & portable
- Fashion design

## Foldable Phone Stand

Item No: H2

Material: Zinc Alloy+Anodic oxidation sandblasting +neodymium magnet

N.W.: 18g

Angle adjustment: 0-85°

Size: 63\*15mm

Thikness: 2.5mm

Color: Black, Silver

- High quality zinc alloy material
- Light and thin design, stable and non-toppling
- Strong magnetic adsorption, very stable
- Note: When stick it horizontally. The best place to stick it is 2cm away from the charging port, 1cm for vertically pasting

## M3 Motorcycle Mobile Phone Holder

1. Material: PC+Silicone
2. Compatible with: 4.5-7.2 inches cellphones
3. Product size: 185x95x100mm
4. Handlebar version (fit for about 20-35mm diameter handlebars)
5. Rearview mirror version (fit for 10mm diameter rearview mirror)

- Surround design, and hold the phone tightly
- Four anti-skid silicone pads firmly fit the phone without sliding
- Lengthened mechanical arm, with locking button, easy access to mobile phones, shock absorption protection, and firm upgrade
- Simple and stable without abnormal noise
- 360 ° rotation angle, multi angle adjustment of direction and angle of view
- 65-90mm adjustable width, can also be used with shell

## M2 Motorcycle Mobile Phone Holder

Material: ABS+PC+Silicone

Dimensions: 21\*7.5\*12mm

Installation mode: handlebar OR Rearview mirror

Scope of application: Motorcycle,bike,electric scooter..

Support models: 4.7~6.7inch

Color: Black

handlebar

Rearview mirror

- Lock with one button Release hands.
- New linkage telescopic module, mobile phone touch lock design.
- Silicone strap design, mobile phone can't shake off.
- Tool-free installation, base reinforcement design.
- 360 degrees arbitrary rotation.
- Suitable for 19mm-35mm bike handlebar

## M1 Motorcycle Mobile Phone Holder

Material: ABS+PC

Color: Black / Gray / Green
